

§91.205

(2) The identity of the agencies, groups, organizations, and others who participated in the process; and

(3) A jurisdiction's consultations with:

(i) The Continuum of Care that serves the jurisdiction's geographic area;

(ii) Public and private agencies that address housing, health, social services, employment, or education needs of low-income individuals and families, of homeless individuals and families, of youth, and/or of other persons with special needs;

(iii) Publicly funded institutions and systems of care that may discharge persons into homelessness (such as health-care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions);

(iv) Other entities.

(c) In order to facilitate citizen review and comment each year, the plan shall contain a concise executive summary that includes the objectives and outcomes identified in the plan as well as an evaluation of past performance. The plan shall also include a concise summary of the citizen participation process, public comments, and efforts made to broaden public participation in the development of the consolidated plan.

[71 FR 6963, Feb. 9, 2006, as amended at 76 FR 75968, Dec. 5, 2011]

§91.205 Housing and homeless needs assessment.

(a) *General.* The consolidated plan must provide a concise summary of the jurisdiction's estimated housing needs projected for the ensuing five-year period. Housing data included in this portion of the plan shall be based on U.S. Census data, as provided by HUD, as updated by any properly conducted local study, or any other reliable source that the jurisdiction clearly identifies, and should reflect the consultation with social service agencies and other entities conducted in accordance with §91.100 and the citizen participation process conducted in accordance with §91.105. For a jurisdiction seeking funding on behalf of an eligible metropolitan statistical area under the HOPWA program, the needs described

24 CFR Subtitle A (4–1–16 Edition)

for housing and supportive services must address the unmet needs of low-income persons with HIV/AIDS and their families throughout the eligible metropolitan statistical area.

(b) *Categories of persons affected.* (1)(i) The plan shall estimate the number and type of families in need of housing assistance for:

(A) Extremely low-income, low-income, moderate-income, and middle-income families;

(B) Renters and owners;

(C) Elderly persons;

(D) Single persons;

(E) Large families;

(F) Public housing residents;

(G) Families on the public housing and Section 8 tenant-based waiting list;

(H) Persons with HIV/AIDS and their families;

(I) Victims of domestic violence, dating violence, sexual assault, and stalking;

(J) Persons with disabilities; and

(K) Formerly homeless families and individuals who are receiving rapid rehousing assistance and are nearing the termination of that assistance.

(ii) The description of housing needs shall include a concise summary of the cost burden and severe cost burden, overcrowding (especially for large families), and substandard housing conditions being experienced by extremely low-income, low-income, moderate-income, and middle-income renters and owners compared to the jurisdiction as a whole. (The jurisdiction must define in its consolidated plan the terms "standard condition" and "substandard condition but suitable for rehabilitation.")

(2) Until the jurisdiction has submitted an AFH, which includes an assessment of disproportionate housing needs in accordance with 24 CFR 5.154(d)(2)(iv), the following assessment shall continue to be included in the consolidated plan. For any of the income categories enumerated in paragraph (b)(1) of this section, to the extent that any racial or ethnic group has disproportionately greater need in comparison to the needs of that category as a whole, assessment of that specific need shall be included. For this purpose, disproportionately greater

need exists when the percentage of persons in a category of need who are members of a particular racial or ethnic group in a category of need is at least 10 percentage points higher than the percentage of persons in the category as a whole. Once the jurisdiction has submitted an AFH, however, this assessment need not be included in the consolidated plan.

(c) *Persons who are homeless or at risk of homelessness.* (1) The plan must describe, in a form prescribed by HUD, the nature and extent of unsheltered and sheltered homelessness, including rural homelessness, within the jurisdiction. At a minimum, the recipient must use data from the Homeless Management Information System (HMIS) and data from the Point-In-Time (PIT) count conducted in accordance with HUD standards.

(i) The description must include, for each category of homeless persons specified by HUD (including chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth), the number of persons experiencing homelessness on a given night, the number of persons who experience homelessness each year, the number of persons who lose their housing and become homeless each year, the number of persons who exit homelessness each year, the number of days that persons experience homelessness, and other measures specified by HUD.

(ii) The plan also must contain a brief narrative description of the nature and extent of homelessness by racial and ethnic group, to the extent information is available.

(2) The plan must include a narrative description of the characteristics and needs of low-income individuals and families with children (especially extremely low-income) who are currently housed but threatened with homelessness. This information may be evidenced by the characteristics and needs of individuals and families with children who are currently entering the homeless assistance system or appearing for the first time on the streets. The description must also specify particular housing characteristics that have been linked with instability and an increased risk of homelessness.

(d) *Other special needs.* (1) The jurisdiction shall estimate, to the extent practicable, the number of persons who are not homeless but require supportive housing, including the elderly, frail elderly, persons with disabilities (mental, physical, developmental), persons with alcohol or other drug addiction, persons with HIV/AIDS and their families, public housing residents, and any other categories the jurisdiction may specify, and describe their supportive housing needs.

(2) With respect to a jurisdiction seeking funding on behalf of an eligible metropolitan statistical area under the HOPWA program, the plan must identify the size and characteristics of the population with HIV/AIDS and their families within the eligible metropolitan statistical area it will serve.

(e) *Lead-based paint hazards.* The plan must estimate the number of housing units within the jurisdiction that are occupied by low-income families or moderate-income families that contain lead-based paint hazards, as defined in this part.

(Approved by the Office of Management and Budget under control number 2506-0117)

[60 FR 1896, Jan. 5, 1995, as amended at 61 FR 51760, Oct. 3, 1996; 71 FR 6963, Feb. 9, 2006; 73 FR 72342, Nov. 28, 2008; 75 FR 66260, Oct. 27, 2010; 76 FR 75968, Dec. 5, 2011; 80 FR 42364, July 16, 2015]

§ 91.210 Housing market analysis.

(a) *General characteristics.* Based on information available to the jurisdiction, the plan must describe the significant characteristics of the jurisdiction's housing market, including the supply, demand, and condition and cost of housing and the housing stock available to serve persons with disabilities, and to serve other low-income persons with special needs, including persons with HIV/AIDS and their families. Data on the housing market should include, to the extent information is available, an estimate of the number of vacant or abandoned buildings and whether units in these buildings are suitable for rehabilitation. The jurisdiction must also identify and describe any areas within the jurisdiction with concentrations of racial/ethnic minorities and/or low-income families, stating how it defines
